PROGRAM POLICIES AND GENERAL INFORMATION

Adult & Teen Challenge Northeastern Wisconsin (ATCNEW) provides a faith-based program for recovery from addictions. It includes, among other things, at least 12 months of faith-based instruction using a spiritual education model. In collaboration with individual clients' personal physicians, psychiatrists, psychologists, social workers, counselors and therapists, ATCNEW's goal is to help individuals recover from drug and alcohol abuse and the life-controlling problems associated with it.

ATCNEW does not discriminate on the basis of race, color, creed, religion, sex, national and ethnic origin, marital status, public assistance, sexual orientation, family status, disability or any other protected status under applicable federal or state law in the administration of its educational, admission, or program policies or procedures.

Clients are required to participate in daily devotions, chapel, individual counseling, choir and classes. Daily assignments are a program requirement.

Each client will have access to ATCNEW's Client Manual which specifies the policies and procedures governing ATCNEW's program. ATCNEW, in its sole discretion, reserves the right to make changes in policy whenever ATCNEW deems necessary. When a change in policy occurs, clients and staff will be notified and the Client Manual will be updated to reflect the change. Highlighted below are some basic requirements/guidelines all ATCNEW clients are expected to adhere to while in the program. **This is not a complete list of rules, but will serve as a basic example of what will be expected:**

Daily Schedule

Clients are required to participate in all daily scheduled programming and activities, with the exception of optional recreational activities. Although not every weekday is scheduled the same, and schedules vary from program to program, clients can expect a typical weekday to include:

- Chapel/Devotions
- Class time
- Personal study time
- Chores
- Work Therapy

In addition to this schedule, clients are expected to participate in group choir rehearsal, ATCNEW church presentations, and local community events. Weekends are less structured and include various activities such as visitation, passes outside of the facility, and extracurricular activities.

Program Outline

The ATCNEW program consists of four levels. Each level focuses on the recovery, and spiritual and emotional wellness of the client.

LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4
ACCEPT Clients attend classes that will focus on recognizing unhealthy forms of behaviors, thoughts, and beliefs. Our goal is to share the truth of God's plan and unconditional love. In doing so, clients will realize that this can genuinely be a place for help and healing for life changes.	HEAL With support from our care team, clients start to address patterns in their life and recognize their role in the decision-making. Clients will participate in mental, emotional, and spiritual work to explore underlying feelings that led to painful behaviors and broken relationships. They will open-up and become more honest with themselves and others.	DISCOVER Clients start to discover new boundaries, attitudes, and healthy relational supports to replace old ones. Clients will also dive deeper into learning God's design for a future that is free from the oppression of old wounds. Finally, they will be able to move forward from being trapped by past choices to actively seeking reconciliation in relationships.	PRACTICE In the final stage, clients transition into their future by creating personal goals (i.e., family, school, and career.), create expectations, identify potential triggers, and have strategies to resolve them constructively. This level is fundamental to the sustainability of our clients' sobriety and success in returning home to their families and communities.

Appearance & Dress Code

The standards for dress are modest, conservative, neat and clean. All clothing worn must be consistent with ATCNEW values. If there are questions regarding this policy, the client should speak to ATCNEW staff.

Employment

Due to the nature and schedule of our program, clients are only eligible to seek employment or be employed the last 30 days of Level 4 in the 12-month recovery program.

One Week “Blackout” Period

For the first week after admission to the program, clients **will not** be allowed to communicate via phone calls, letters, visits, etc., with anyone other than minor children, clergy, legal officials (county caseworker, attorney, and parole/probation officer, or in the case of family emergencies. Exceptions to this rule must be approved by the clients’ Program Director.

Correspondence List

Communication by phone and mail is limited to those individuals whose names are listed on the client’s approved correspondence list. When clients enter the program, they will be asked to submit a correspondence list of individuals with whom they would like to communicate. The Program Director will review the list and approve those who are believed to be beneficial in motivating and encouraging the client to complete the program. Individuals who may hinder the progress of the client will be disapproved.

Phone calls

Clients are not permitted to receive incoming calls except in emergency situations. The length of outgoing phone calls allowed is based on the client’s level in the program. Privileges increase with advancement to each new level.

Passes

ATCNEW offers the opportunity for approved passes to leave the facility. Privileges increase with advancement to each new level. There are **two** scheduled holiday breaks in the program—Summer Break and Christmas Break. All pass privileges begin at 90 days. ATCNEW is not liable for the safety of clients who are away from our facility on break.
